

NYCU Glocal Digital Service & Innovation Competition

July 1-July 3, 2021

National Yang Ming Chiao Tung University

Introduction

The NYCU Global Design & Innovation Competition is a 3-day event aimed to inspire innovations in a post-pandemic world, with a focus on creating innovative digital and touchless services for promoting our health and well-being. Participants will be provided with tutorials, technical support, and mentors during the event.

Program Overview

- July 1-July 3, 2021
- Keynote Speech, Workshops & 32-hr Hackathon
- Language: English
- Venue: 1F, Meeting Room I, Microinfo Research Center (電子與資訊研究中心), National Yang Ming Chiao Tung University (Hsinchu Guangfu Campus)
- Organizer: Office of International Affairs, National Yang Ming Chiao Tung University
- Corporate Partners: LINE Corporation, HTC Deep Q

About the Competition

The NYCU Glocal Design & Innovation Competition is aimed to create an opportunity for participants to generate innovative ideas and solutions to health-related tasks. During the 32-hr hackathon, teams must incorporate Line Developer Tools offered by LINE Corporation to build their work. Mentors from LINE will provide on-site technical support. Each team will demonstrate and present their work in the closing ceremony.

Eligibility

1. Current students from the University System of Taiwan (National Yang Ming Chiao Tung University, National Central University, National Chengchi University, National Tsing Hua University) and the National Taiwan University System (National Taiwan University, National Taiwan Normal University and National Taiwan University of Science and Technology).
2. Application should be on a team basis; each team consists of 4-5 students; **each team must have at least 1 overseas student***. The total number of admitted teams will be 10.

*Overseas students include international, Mainland China and overseas Chinese students.

3. **The competition is for everyone.** Prior technology experience or programming prerequisites are **not** required for participating in the hackathon. However, **at least one member having programming experiences is strongly recommended.** We suggest each team include members who have diverse backgrounds and skills such as design, marketing, management, or even storytelling capabilities.
